Business Plan Description

Project Purpose: the construction of mini-hotel for 18 rooms.

Idea: project provides the construction of a three-storied hotel with a loft by area 590 sq. m on a lot by area 34.071 acres.

Description of developed lot. The main factors of location

A land lot chosen for hotel building is situated in *** district of Novgorod region.

General characteristics of a lot:

- The area of lot is 34.071 acres.
- The lot is situated not far from the town *** – in 5 km, near the village *** and also near the village for northerners ***.
- Distance: from Veliky Novgorod – 110 km, from Saint Petersburg – 311 km.
- The main attraction of the territory is close proximity to the city-resort ***.

The main factors that influenced on the choice of the lot:

1. The presence of nearby communications

Insignificant distance from settlements will allow to connect the hotel to all necessary communications with minimal costs.

2. Favorable transport location

Transport infrastructure could be characterized as good. The lot is situated in 5 min of driving from the city ***, the road is not loaded, which will allow the tourists to get to the hotel without problems. The mentioned distance from the city allows to decrease the level of noise and at the same time it does not influence on accessibility of infrastructure of ***.

The proximity of hotel to the village *** will allow to accommodate not only tourists that come to rest at the resort, but also the inhabitants of north regions which would like to get acquainted with the house before buying it. It is possible to get to the hotel by car as well as by public transport.

3. Absence of physical or technical and technological restrictions of the lot

The relief of lot is available for constructions of not highly-storied real estate.
